ICON COLLECTION

Ah, Christmas! Such a special time of the year: the air is filled with a sparkling, almost magical anticipation, streets decorated with shimmering lights, shops carefully adorned, markets smelling of cinnamon and freshly baked pastries, snow-capped mountains in the background. A fairytale landscape that promises warmth and joy. For a few weeks reality becomes veiled with a mysterious aura of dream, that invite us to believe in wonder again. Even people seem different, kinder, more inclined to smile. A collective magic that envelop us, a desire to share, to stay together, to rediscover the most authentic values. A moment in which the boundary between the real world and that of fairy tales becomes thinner, allowing us to savor a little of that carefree joy that we often forget during the rest of the year. It is as if, for a moment, we could all become protagonists of a beautiful story made of symbols, of icons of the Holidays, icons that inspired our "2025 Christmas Collection". A nice package, an elegant image, add a touch of care that makes the gift unique. Our Selections are a way to say "I'm thinking of you" in a special time. They are a way to thank employees and collaborators for their commitment during the year, a way to share the joy of the holidays and make loved ones feel a little closer.
